NTG Air & Ocean is your partner for all your customs requirements!

CUSTOMS

Did you know, that NTG Air & Ocean Netherlands BV is AEO certified? AEO stands for Authorised Economic Operator, and with this status NTG Air & Ocean can facilitate and simplify customs activities, due to the preferred status with the authorities. This applies to your import and export shipments with air and ocean freight, and if needed in combination with road transport.

The advantages of working with an AEO certified company, such as NTG Air & Ocean, are that you will face less customs inspections (physical and documentation), which saves you time and makes your transport go faster. Another advantage that we can offer is, that, on request, it is possible to let a physical inspection take place on another location than the port terminals. This will save you time and money, so that you can focus on your business while we will take care of the rest.

**All our customs services are shown below. For each activity, we always need:**

- Signed Power of Attorney (DV – Volmacht Direct Vertegenwoordiging);
- Commercial Invoice in EUR or USD;
- Packing list;
- HS code;
- Location of the goods;
- Copy of the CMR (Road), MBL (Sea) or Airwaybill.

What	When do we need the documents?	Extra requirements
Export Document (EX-A/ EU-A)	Before loading	
Import Customs Clearance	Before ETA	
EUR-1	Before loading	Proof - preferential origin
Certificate of Origin	Before loading	Proof non-preferential origin
T-2L(F) documents	Before loading	Proof of EU-status of the goods
T1 documents		Only possible in case transport is arranged by NTG Air & Ocean
Surveillance documents, for aluminium or steel products	Before ETA, at least 5 working days
