

Work with a logistics provider that can offer a supply chain solution for your projects, no matter the size or complexity.

PROJECT CARGO

No matter the origin or destination, the dimensions or volume, we can transport your cargo from any point to wherever you want. We are here to cover all your needs.

Our team are specialized in the shipment of several type project cargo.

From collection and consolidation of small partial loads to part loads with exceptional dimensions or weights.

We can arrange the packaging, lashing and securing of your cargo via our contract partners and we provide the necessary documents, permits and escorts for road transport and the rental of mobile cranes on site or in the port when necessary.

- **Breakbulk / Out of Gauge shipments**

We are specialized in the handling and transportation of out of gauge cargo for the Shipbuilding, Machinery, Oil & gas industries, among many others.

- **Roll on Roll off (RORO)**

From heavy construction, road building and agricultural equipment to commercial vehicles of all types and sizes, we provide a full RORO shipping service.

- **Door to Door Projects**

Through our own offices and agents around the world, we can offer a door-to-door solution, with everything involved, pre-transport, packaging, customs, permits, insurance, cost analysis, etc.

The air and ocean shipments will be made on regular liner services, or we will make use of part charters or complete charters.

Let us transport your project cargo around the globe.

We are ready to help you, so do not hesitate to get in contact with us:
